

product designer with a love for solving problems through human centered design and technology.

## EXPERIENCE

AUG 2022 - JUL 2023

### Adim Inc.

Lead Product Designer

Foundational role in designing a new product for creators to help them create intellectual property in the form of characters for television, movies, books, games and other media.

SEP 2017 - NOV 2019

### RadioPublic

Lead Product Designer

Leading all design, research and systems on a consumer podcasting application for iOS, Android and web. Working to appropriately design web properties, tools and marketing websites for podcasters. Part of a small remote team hand in hand with development to forge a new property in the emerging podcasting sphere.

DEC 2019 - OCT 2021

### DraftKings

Senior Product Designer

Product designer on the DraftKings Platform team. Leading design in payment product areas designing experiences for deposits, withdrawals, taxes, finance and currencies. Also responsible for governance and curation of the DraftKings federated design system.

MAR 2015 - AUG 2017

### Education First

UX / UI Designer

Representing users through research, design and prototyping to create new digital executions for Cultural Care Au Pair, a global au pair agency spanning 28 countries. Working with team and stakeholders to birth new web software and replace legacy systems. Worked hand in hand with development and product manager to continue positive development through agile process.

DEC 2019 - OCT 2021

### DraftKings

Senior Product Designer

Product designer on the DraftKings Platform team. Leading design in payment product areas designing experiences for deposits, withdrawals, taxes, finance and currencies. Also responsible for governance and curation of the DraftKings federated design system.

AUG 2012 - MAR 2015

### Hill Holliday

UX Architect, Interface Designer

Strategy, architecting, designing and prototyping innovative digital executions for clients across wide array of verticals including apparel, automotive, financial, food / beverage and pharmaceutical for vast array of digital mediums including web and mobile.
